In the News

Southern Living (March 2009)

“The Warwick ranked as one of the most glam lodging spots in H-Town when it opened in 1926. When it closed, people were devastated. Then ZaZa took over, style moved in, and that’s been the talk ever since.” Jennifer McKenzie Frazier

VIP (February 2009)

“One of the top 10 boutique hotels in the country and a paragon of chic luxury.”
Haley Strahan

Brides (September 2008)

“Hotel ZaZa blends the very best of luxury, comfort and style. Romantic couples from around the world gather at ZaZa for spectacular events, weddings, ZaSpa getaways and delicious gourmet dining. Hotel ZaZa is in the heart of the action, with nightlife, fashion and world-renowned museums at your doorstep.”

Yellow (August 2008)

“Hotel ZaZa embodies all that is cool. Right now this is Houston’s ‘it’ hotel. Everything about the hotel is swank – the décor, the lounge music that plays throughout, and the guests that have passed through its doors (including Beyonce, Jennifer Lopez and hubbie Marc Anthony).” Chau Nguyen

The New York Times (September 2007)

“On the surface, ZaZa is all about decadence. But don’t let that fool you; it is also a very good hotel.” Fred A. Bernstein
